

CLE Policy on Assessment and Grading, Communication and Feedback, and Course Delivery Mode

1. Assessment and Grading

The course will be assessed using criterion-referencing and grades will not be assigned using a curve. Letter grades range from A+ to F. The following table shows the conversion of letter grade and the average performance level for CLE courses:

Letter Grade	Average Performance Level
A-range	Excellent/ Good
B-range	Good/ Satisfactory
C-range	Satisfactory/ Marginal
D	Marginal Pass
F	Fail

Note that all individual assessment results remain provisional until they have been confirmed by the course coordinators. The grade is based on the overall performance throughout the term and will be approved by the CLE examination board at the end of the semester. It is at this point that a grade becomes confirmed and may be subject to a grade review.

2. Communication and Feedback

Feedback for individual assessed tasks will be communicated via Canvas within two weeks (10 working days) of submission. Students who have further questions about the feedback should consult the instructor within five working days after the feedback is received.

3. Default mode of teaching

All language courses have been designed to be delivered in person, in face-to-face mode. Students who request permission for absence (preferably in advance) will be sent a recording of the class if the instructor agrees that there are legitimate reasons for the absence.
